

## **PRAISE AND THANKS**

June 18, 2021

Thank You, Lord, for Your healing hands. You have listened to our prayers in healing my brother Mario Malabanan Aguila who was in the intensive care unit for 6 weeks due to Covid but has since recovered. He had just been transferred to Providence Healthcare to continue his therapy and regain his strength so he can soon come home to his wife, children and grandson.

If it wasn't by Your grace, Lord, my brother Mario would have been dead now, but You kept him and listened to our prayers. Your mercy preserved and healed him. He will never be ungrateful for the opportunity to live in health again. We rejoice in Your majesty, Lord for healing Mario, taking the pain and reproach away. Thank You, Father. Jesus, we trust in You. Mama Mary, we love You.

All glory, honour, praise and thanksgiving are Yours, now and forever. Amen.
